

# ELMO'S WORLD – MUSIC

Do-re-mi-fa-so-la-ti-do!

Music is the universal language and Sesame Street has been talking to us through music for years! See what Elmo has to say in this fun-filled-flap-book.

Book publisher: Random House

Pages: 10

Ages: Toddler

Themes: Express feelings through music; develop creativity

On each page of this book, Elmo and his buddies play music on all kinds of different instruments. Music is a great way for you to have some fun with your child. You don't have to have a real trumpet or drum set in your house.....make your own with stuff from your cupboards and drawers.

♥By putting a little unpopped popcorn into round plastic film container (tape the top on tight), you've got a great rattle to "shake, rattle and roll". It's a great way keep the beat of music plus they fit into a little hand really well.

♥Decorate a cardboard paper towel tube or a toilet paper tube and you've got a great instrument to "toot" into.

♥If you wrap a piece of wax paper around a clean comb and lay your lips against the wax papered comb, it makes a cool vibrating sound.

The most beautiful instrument of all, is the human voice. Singing or talking.....it's a great way to express yourself and have fun!
