

EVERYWHERE BABIES

Every day, everywhere, babies are born. They're kissed and dressed and rocked and fed—and completely adored by the families that love them. This book is a celebration of playing, sleeping, crawling, and of course, very noisy babies doing all the wonderful things babies do best.

Author: Susan Meyers

Illustrator: Marla Frazee

Ages: 6 months to 3 years

Pages: 30

Themes: Celebrate babies!

Whether you're reading this book to your "baby" baby or a toddler, you can talk about:

- the colors of the blankets the babies are wrapped in;
- which babies are sleeping, laughing, crying;
- identify what the babies are doing...rocking, eating, riding in the stroller, swimming.

Through the book you can see that the babies are growing up. Talk to your child about how they started off being tiny just like the babies in the front of the book and with the love and good care of their families, they're growing up just like the babies in the book.

Wrap up a baby doll and let your child pretend to be the mommy or daddy. It's never too early to teach your child the importance of nurturing. A young child also needs to feel needed!!
