

South Dakota Style

Directions: Show your friends and the entire world what wildlife is growing in your backyard! Look for plants, animals, and other creatures. Write down important information about them and then come back and put it on Backyard Jungle at pbskids.org/backyardjungle!

1. Discovery Name:

2. What's the story behind your discovery?

(For example, is it a plant or an animal? Does it fly? What color is it? What size? What's the temperature outside? Where did you find it?)

3. Now answer these questions about your discovery:

Circle one of each:

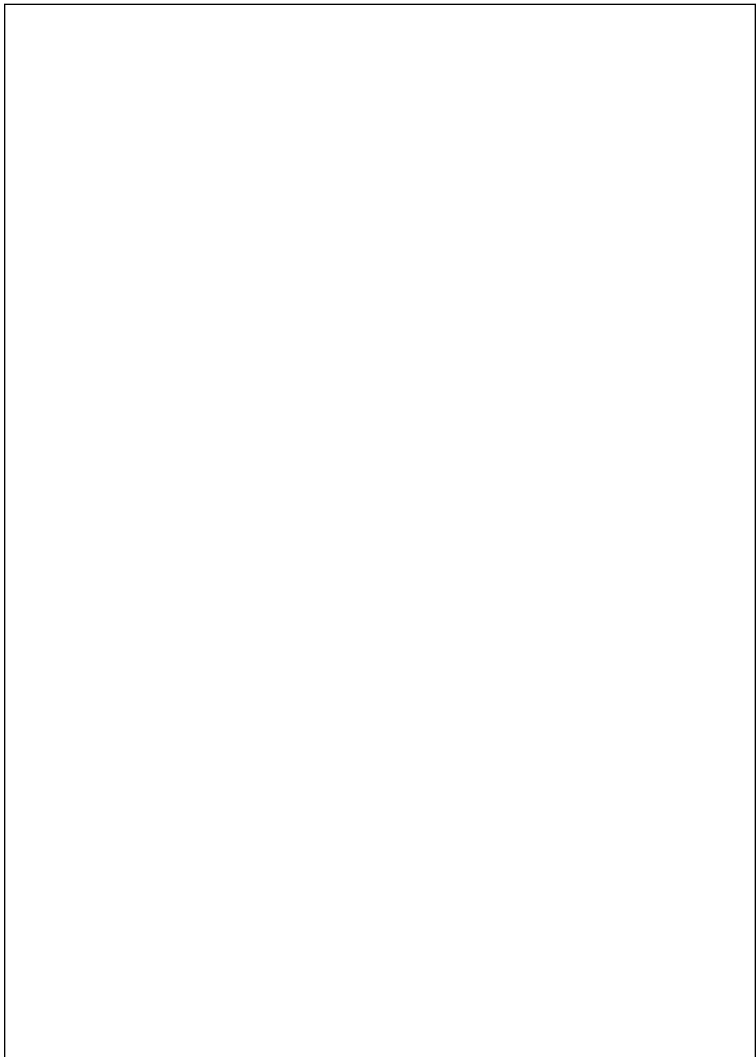

- Real or Imaginary
- Wild or Domestic
- Native or Exotic
- Resident or Migrant

4. Circle the time of day.

early morning – late morning – noon –
early afternoon – late afternoon – early evening –
late evening – night

5. Circle the kind of weather:

bright sun – sunny – cloudy – light shower –
rainy – heavy rain – stormy – light snow –
heavy snow – snowstorm

Draw your discovery here or take a picture:
